Dominate the pavement.

When 70 years of engineering for the racetrack is distilled into one Civic, you can expect a visceral driving experience simply unmatched anywhere else. The 306-hp VTEC® turbo engine provides a staggering 153 hp per liter, and a stiffened lightweight frame coupled with purpose-built suspension components enable enhanced stability at the limit. Its wheels may be firmly on the road, but the soul of Type R emanates from the track.

Follow Type R on Facebook at Facebook.com/hondacivic to see the Type R in action. Civic Type R Touring shown in Championship White.
Engineered precision.

Twenty-inch alloy wheels paired with sticky maximum-performance summer tires help create a superior connection with the road. Brembo® 4-piston front calipers, 13.8-inch ventilated, cross-drilled rotors and precisely designed brake cooling ducts culminate in confident, track-ready high-speed braking.

Interior Features

3-Mode Drive System
Switch between Comfort and Sport modes for everyday driving. Select +R mode to adjust the throttle, steering and dampers to a new level of handling at the track.

Driver Information Interface
Keep track of your ride with information about G-force, turbo boost, throttle/brake input, rev-limit and lap time for the track, strategically displayed within your line of sight.

7-Inch Display Audio
Stay in control with a pinchable, swipeable touch-screen that becomes command central for your racing soundtrack, communication and content.

Leather-Wrapped Steering Wheel
Serving up style and purpose, the anatomically designed, leather-wrapped steering wheel features unique red-leather inserts and the legendary red Honda badge.

Steering Wheel-Mounted Controls
A high-performance machine requires maximum attention. Strategic controls help you keep your hands on the wheel and your eyes on the road.

Aluminum Pedals
It’s all about control. Firm, precisely placed pedals allow for confident driving at the limit.

Serial Number Plate
Every Type R is fitted with a unique serial number—becoming a one-of-a-kind vehicle that can only be yours alone.
2.0-liter VTEC Turbo Engine
Honda engines are known for producing massive amounts of horsepower per liter of displacement. The VTEC engine has forged connecting rods, sodium-filled exhaust valves and a mono-scroll TD04 turbo, delivering 306 hp1 and 295 lb-ft of torque.

Perfectly balanced performance.
Even with its race-bred attributes, Type R is designed to be enjoyed every day and everywhere by racers and enthusiasts alike.

High-Bolstered Sport Seats
Red and black suede-effect sport seats are constructed with aggressive side bolsters that assist the driver in maintaining complete control during the most extreme events.

Close-Ratio 6-Speed Manual Transmission
Rev-Match Control eliminates the need for throttle input while braking and downshifting. A lightweight, single-mass flywheel and helical limited-slip differential help the engine rev without delay and accelerate through corners without excessive wheelspin.

Dual-Pinion Variable-Ratio Steering
An optimal blend of low-speed response and high-speed stability is enabled by a dual-pinion system, creating a direct connection between driver and tarmac.

Why follow when you can lead?
There’s a whole world of enthusiasts who share your aspirations of owning a Type R. Keep up with their adventures by following @OfficialHonda on Snapchat and subscribe to Honda on YouTube.

Civic Type R Touring shown with Red / Black Suede-Effect Fabric.
The perfect lap.

If you love the feeling of pure control and responsiveness, nothing can match the staggering performance of the Type R, available for the first time on U.S. soil. With a balance of design and power, even a short drive brings you closer to the road than you’ve ever felt before.

Civic Type R Touring shown in Championship White.

**Exterior**

- 306-hp, 2.0-liter, turbocharged and intercooled, DOHC 4-cylinder engine with direct injection
- Close ratio 6-speed manual transmission with rev-matching control
- 3-mode drive system (Comfort/Sports+R)
- Lightweight single-mass flywheel
- Helical limited-slip differential
- Adaptive damper system
- Dual-person, variable-ratio power steering (EPS)
- Brembo® 4-piston front brake calipers
- 13.8-inch ventilated and cross-drilled front brake discs
- 20-inch alloy wheels
- 245/30 ZR20 maximum-performance summer tires
- LED headlights (low & high beam) with auto-on/off
- LED fog lights
- Radar cruise control
- Wing spoiler
- Underbody spoiler kit with red striping
- Center-mounted, triple-exhaust outlet
- Dual zone automatic climate control system
- Smart entry with push button start
- Textured aluminum pedals
- Shaved/tapered wrapped steering wheel
- Aluminum shift knob
- Type R Torsion beam suspension
- 7-inch Display Audio with touch screen and customizable feature settings

**Interior**

- Type R Touring shown in Indigo Black/Black.

**TYPE R TOURING**

- Black leather and Alcantara®-effect fabric
- Underbody spoiler kit with red striping
- Center-mounted, triple-exhaust outlet
- Dual zone automatic climate control system
- Smart entry with push button start
- Textured aluminum pedals
- Shaved/tapered wrapped steering wheel
- Aluminum shift knob
- Type R Torsion beam suspension
- 7-inch Display Audio with touch screen and customizable feature settings

**Featured Honda Genuine Accessories**

- Red leather and Aluminum Shift Knob (shown)
- Wireless Phone Charger (shown)
- Interior Illumination (shown)
- Illuminated Door Sill Trim
- Car Cover
