Set the bar high.

The vehicle that defined a category continues to redefine what an SUV can be. The Honda CR-V delivers a wealth of standard features and conveniences, all backed by the available Honda Sensing® suite of safety and driver-assistive technologies.

Travel in style.

Elevate your comfort and style. From front seats designed for greater comfort to more rear legroom than many larger SUVs, the CR-V keeps you and your passengers comfortable from point A to point B.

CR-V Touring shown in Lunar Silver Metallic.
Excellence in every detail.

The CR-V is committed to comfort and convenience. Inside, you’ll find an available leather-trimmed interior, spacious seating for five and technology to make life on the road more enjoyable.

CR-V Touring shown with Gray leather.
A standout experience.

Steering Wheel-Mounted Controls
Whether you need to change the song, make a call or find directions on the available navigation system, you can access the controls right from your steering wheel.*

Display Audio
Your entire world is just a tap away. Access your favorite music through an easy-to-use, app-enabled touch-screen display (EX and above).

Dual-Zone Automatic Climate Control
Set one temperature for the driver and another for the front passenger, so both of you can travel in total comfort (EX and above).

Electric Parking Brake
Simply flip back the small lever next to the shifter to engage the parking brake, reducing the effort to apply it and freeing up space on the center console.

Heated Front Seats
The CR-V can quickly take your seats from zero to toasty (EX and above).

Power Moonroof
Gain a more enlightened perspective with this truly uplifting feature (EX and above).

Rear USB Ports
Keep your passengers powered up for whatever comes next with dual 2.5-amp USB charging ports in the second row (EX and above).

*Drive responsibly. Some states may prohibit the operation of handheld electronic devices while operating a vehicle. For safety reasons, always use your audio application or perform any other operation on your phone or audio device only when the vehicle is stopped and parked.
One CR-V for life’s many roads.

A vehicle designed for a superior driving experience makes for better exploration of the roads ahead. With responsive handling and a 190-hp* turbocharged engine (EX and above) as well as an impressive 34-mpg highway rating,* the CR-V ignites your sense of adventure.
More room for what matters.

Generous cargo space becomes even roomier with a fold-flat second row and extended luggage compartment. Whether you're running errands or roaming across the country, the CR-V has room to spare.*

Plenty of Space
The CR-V seats five comfortably while offering 39.2 cu ft of cargo volume** — more than enough for day-to-day needs.

Hands-Free Access Power Tailgate
Your tailgate opens to your exact specifications (EX-L, Touring). And as a Honda first, hands-free access means you can open the tailgate with the kick of a leg (Touring).

Easy Fold-Down 60/40 Split Rear Seatback
The rear seat folds down in one motion, and expands the cargo volume to 75.8 cu ft.†

Walk Away Auto Lock®
With the engine turned off and the key in your pocket, this feature automatically locks the vehicle as you walk away (EX and above).

*Honda reminds you to properly secure cargo items.

**CR-V seating capacity is calculated using NHTSA guidelines.

†Honda suggests you securely fasten your cargo to avoid its movement in case of sudden braking or collisions.
Commute with confidence.

The CR-V has achieved top ratings from NHTSA and IIHS* and is equipped with available safety and driver-assistive technologies including Honda Sensing, a suite of features that can assist and help you sense things you might miss while driving.

Blind Spot Information System (BSI)†
BSI uses radar sensors to detect the presence of vehicles to the side and behind the CR-V, to assist you during lane changes. Warning indicators alert you if the system detects a vehicle.

Cross Traffic Monitor†
Sensors at the rear corners of the CR-V can detect vehicles approaching from either side when backing up. The driver is alerted by an audible chime and arrows in the rearview camera display when a vehicle is detected.

Road Departure Mitigation System (RDM)†
RDM can detect if you cross over detected lanes without signaling, can provide steering assistance to help you return to your lane or provide braking to help keep from leaving the roadway entirely.

Collision Mitigation Braking System™ (CMBS™)†
CMBS can help bring your CR-V to a stop by automatically applying brake pressure when the system determines that a frontal collision is unavoidable.

Adaptive Cruise Control (ACC)† with Low-Speed Follow ACC helps you maintain a set following interval behind detected vehicles for highway driving. If the detected vehicle slows to a stop, ACC is designed to slow and stop your vehicle as well. After stopping, a tap on the throttle instructs the car to continue maintaining the desired interval.

Lane Keeping Assist System (LKAS)†
With your hands on the steering wheel, long highway drives are easier with LKAS, which subtly adjusts steering to help keep the CR-V centered in a detected lane.

### Key Standard Features for All CR-V Models

- LED Daytime Running Lights (DRL)
- Capless fuel filler
- Easy fold-down 60/40 split rear seatback
- Bluetooth® HandsFreeLink® and streaming audio
- Hill start assist
- Multi-angle rearview camera with guidelines
- Electric parking brake with automatic release

### LX

- 184 hp 2.4-liter i-VTEC® 4-cylinder engine with direct injection
- Continuously variable transmission (CVT)
- Electric parking brake with automatic release
- Eco Assist® system
- Available Real Time AWD with Intelligent Control System™
- Hill start assist
- 17-inch alloy wheels
- Six airbags
- Multi-angle rearview camera with guidelines
- LED Daytime Running Lights (DRL)
- Fin-type roof-mounted antenna
- Remote entry system
- Power door and tailgate locks
- Roofline spoiler with integrated brake light
- Capless fuel filler
- Tilt and telescoping steering column
- Illuminated steering wheel-mounted controls
- Easy fold-down 60/40 split rear seatback
- Bluetooth® HandsFreeLink® and streaming audio
- Pandora® compatibility
- USB Audio Interface
- 11.0-amp power in center console

### EX adds to or replaces LX features

- 190 hp 1.5-liter turbocharged and intercooled DOHC 4-cylinder engine with direct injection
- Remote engine start
- 18-inch alloy wheels
- Multi-angle rearview camera with dynamic guidelines
- Honda Sensing® suite of safety and driver-assistive features
- Auto-off/roll headlights with auto high-beam
- Blind spot information system (BSI) with cross traffic monitor
- Rear privacy glass
- Smart entry with Walk Away Auto Lock®
- Push button start
- One touch power moonroof with tilt feature
- Fog lights
- Heated, body-colored power side mirrors including integrated turn indicators
- Dual-zone automatic climate control system
- Retractable cargo area cover
- Power windows with auto-up/down driver’s and front passenger’s windows
- Front heated seats
- Driver’s seat with 12-way power adjustment, including 4-way power lumbar support
- 7-inch Display Audio with electrostatic touch-screen
- HomeLink®
- Apple CarPlay™ integration
- Android Auto™ integration
- SiriusXM Radio®
- SRS text message function™
- USB Smartphone/Audio Interface™ (1.5-amp port in center console)
- 2nd-row 2.5-amp USB charging ports (1)

### EX-L adds to or replaces EX features

- Power tailgate with programmable height
- Leather-wrapped steering wheel and shift-knob
- Automatic-dimming rearview mirror
- HomeLink® remote system
- Driver’s seat with two-position memory
- Leather-trimmed seats
- Passenger’s seat with 4-way power adjustment

### TOURING adds to or replaces EX-L features

- Rain-sensing windshield wipers
- Hands-free access power tailgate
- Roof rails
- LED headlights (low and high beam)
- Dual chrome exhaust finishers
- 330-watt premium audio system with 9 speakers, including subwoofer

---

1. **LX** and **EX** are covered by a 3-year/36,000-mile limited warranty.
2. **EX-L** adds to or replaces **EX** features.
3. **TOURING** adds to or replaces **EX-L** features.
