The world is calling.

Finding adventure in the Pilot is easy. Thanks to the available all-wheel-drive with intelligent Variable Torque Management™ (i-VTM4™), you’ll be able to get out and explore the world from the comfort of the driver’s seat.

Honda reminds you to properly secure cargo items.
Upgrade every outing.

A spur-of-the-moment day trip, or a night on the town. A weekend drive to your favorite getaway, or a quick detour to satisfy that sweet tooth. Wherever your next adventure leads you, the sleek and versatile Honda Pilot will help you make the most of it.

Announce your next adventure with @Honda on Twitter.
One-Touch 2nd-Row Seats
Accessing the 3rd row is effortless. Easy-to-reach one-touch buttons automatically slide the 2nd-row seats forward without the need to push, pull or prod (EX-L and above).

Heated 2nd-Row Captain’s Chairs
Although everyone rides in style in the Pilot Elite, 2nd-row passengers enjoy the added pleasures of a pair of heated captain’s chairs.

Panoramic Roof
Follow the sun, chase the moon or just stare up at the sky through a panoramic roof that provides another way to see the world (Elite).

The front seat of innovation.
In the Pilot, forward-thinking technology doesn’t stop at the front seat. Even though the driver has a plethora of advanced features to choose from, rear-seat passengers can enjoy a range of comforts and conveniences too.
Upscale and away.

When you sit in the Pilot, there are a few things you’ll notice right away. Superb styling. Upscale amenities. Attention to detail. Because when you’re in the Pilot, every drive is a chance to treat yourself.

Cables not included. Drive responsibly. Some state laws prohibit the operation of handheld electronic devices while operating a vehicle. For safety reasons, always launch your audio application or perform any other operation on your phone or audio device only when the vehicle is safely parked.

Blu-ray™ Rear Entertainment System
Passengers in the 2nd and 3rd rows enjoy engaging content on a 9-inch screen thanks to a Blu-ray/DVD player (Touring, Elite).

Integrated Sunshades
Let the sun shine in or enjoy the shade. The choice is yours with easily accessible built-in 2nd-row shades (EX-L RES and above).

8-Inch Display Audio
By making news, social media and audio books accessible from the Display Audio screen, you’re never far from the info you want (EX and above).

Multi-Information Display
The easy-to-read Multi-Information Display is right up front, ensuring that the information you want is always at the ready.

Connectivity
There are many ways to plug and play via HDMI® (EX-L RES and above), multiple USB ports (EX and above) or an MP3/auxiliary input jack.

HD Radio™ and Digital Traffic
Stay up to date on current music trends with HD Radio (Elite) and current traffic conditions with the subscription-free Honda HD Digital Traffic (Navigation-equipped models).

Apple CarPlay™ Integration
Available Apple CarPlay provides access to Apple Music®, Maps, Messages and phone calls through Siri® and the Display Audio touch-screen.

Android Auto™ Integration
Android™ smartphone users can access Google Maps®, Google Now®, messages, music and other popular apps with the available Android Auto feature.

Limit, less.

Life is all about variety. One day you’re shopping for groceries, the next day you’re off to the mountains for a completely different kind of adventure. That’s why you need a vehicle that’s as versatile as you, and where the interior of the Pilot truly shines.

Flexible Cargo Management
Whether you want to fit a double stroller or a giant cooler, the Pilot has the cargo capacity to help meet your needs.

Dual-Position Reversible Cargo Lid
Flip the cargo lid up when you need a deeper space for taller items, or turn it over to keep the carpeted side clean when carrying wet or dirty items.

Power Tailgate
When you need an extra hand for carrying groceries or luggage, the Pilot can help you to open or close the tailgate with just the simple press of a button.

Flexible Cargo Management
Whether you want to fit a double stroller or a giant cooler, the Pilot has the cargo capacity to help meet your needs.

Dual-Position Reversible Cargo Lid
Flip the cargo lid up when you need a deeper space for taller items, or turn it over to keep the carpeted side clean when carrying wet or dirty items.

Power Tailgate
When you need an extra hand for carrying groceries or luggage, the Pilot can help you to open or close the tailgate with just the simple press of a button.
Looking out for you.

The Pilot has achieved top ratings from NHTSA and IIHS and is equipped with innovative safety and driver-assistive technology including available Honda Sensing, a suite of features that can assist and help you sense things you might miss while driving.

A. Collision Mitigation Braking System® (CMBS™)
   CMBS can help bring your Pilot to a stop by automatically applying brake pressure when the system determines that a frontal collision is unavoidable.

B. Road Departure Mitigation System (RDM)
   RDM can determine if you cross over detected lanes without signaling, can provide steering assistance to help you return to your lane or provide braking to help keep from leaving the roadway entirely.

C. Lane Keeping Assist System (LKAS)
   With your hands on the steering wheel, long highway drives are easier with LKAS, which subtly adjusts steering to help keep the Pilot centered in a detected lane.

D. Adaptive Cruise Control (ACC)™
   ACC helps you maintain a set following interval behind detected vehicles for highway driving.

E. Blind Spot Information System (BSI)™
   BSI uses radar sensors to detect the presence of vehicles to the side and behind the Pilot, to assist you during lane changes. Warning indicators alert you if the system detects a vehicle in your blind spot.

F. Cross Traffic Monitor™
   Sensors at the rear corners of the Pilot can detect approaching vehicles from either side when backing up. The driver is alerted by an audible chime and arrows within the rearview camera display.
The Pilot literally leads the way as the first Honda to offer a 9-speed transmission (Touring, Elite). And sporty paddle shifters help you appreciate each one.

Intelligent Traction Management
With just the push of a button to select your mode, the Pilot will optimize handling based on the terrain you find yourself taking (EX and above).
