†Requires AT&T data plan.
The hybrid that’s as beautiful as it is efficient.

There’s no better feeling than arriving in a car as beautiful and sleek as the new Honda Insight, except the satisfaction of knowing it’s also a hybrid. With stunning design and an impressive 55-mpg city rating* (LX and EX), the Insight always makes an entrance.

Sophisticated Design, Efficient Package
• 151 total system horsepower†
• 60/40 split fold-down rear seatback†
• 15.1 cubic feet of trunk capacity**
• Honda Sensing® suite of safety and driver-assistive features
• Remote engine start†
• LED headlights, Daytime Running Lights (DRL) and turn indicators
• LED fog lights†

†Available features. Please visit automobiles.honda.com/insight#specifications for actual trim application.

Insight Touring shown in Modern Steel Metallic.
Looking sharp never felt so smart.

The Insight comes with high-tech features and full LED headlights to complement a forward-looking design. To match its airy, sporty aesthetic and elegant finishing details, the Insight impresses inside, with a spacious cabin that provides a one-of-a-kind experience for drivers and passengers.

Captivating Tech
• 450-watt premium audio system with 10 speakers, including subwoofer*
• Mobile hotspot capability†
• Apple CarPlay™ and Android Auto™ integration*
• SiriusXM® Radio / HD Radio®†
• Honda LaneWatch™
• Smart Entry with Walk Away Auto Lock™

*Available features. Please visit automobiles.honda.com/insight#specifications for actual trim application.
†Requires AT&T data plan.
Turning heads.

With a bold, aggressive face and sharp, sophisticated body lines throughout, every angle of the Civic is able to capture attention on the road. But there’s so much more to this sedan than a sleek profile.

Leave a lasting impression.

With a wide, sporty stance, sleek profile, and long wheelbase, the Civic always seems like it’s about to scorch the pavement.

- 174-hp 1.5-liter, turbocharged and intercooled engine*
- LED headlights*
- Honda LaneWatch™
- Smart Entry with Walk Away Auto Lock™
- One-touch power moonroof with tilt feature

*Available features. Please visit automobiles.honda.com/civic-sedan#specifications for actual trim application.
An extraordinary ride.

With a more sophisticated interior than ever, the cockpit of the Civic offers comfort and convenience at your fingertips. Available leather-trimmed seats are paired with advanced connectivity, culminating in a driving experience not soon forgotten.

Advanced connectivity within reach. Packed with cutting-edge technology and comfort, the Civic is primed for leading the charge for the next generation and beyond.

- Honda Sensing® suite of safety and driver-assistive features
- 450-watt premium audio system with 10 speakers*
- Apple CarPlay™ and Android Auto™ integration*

• Apple CarPlay™ and Android Auto™ integration*
• Honda Sensing® suite of safety and driver-assistive features

*Available features. Please visit automobiles.honda.com/civic-hatchback#specifications for actual trim application.

Civic Hatchback civichatchback.honda.com

The disruptive Civic Hatchback pairs aggressive sport styling with functional versatility. With a turbocharged engine and astonishing utility, it’s the Civic that’s unafraid to defy boundaries and obliterate expectations.

Rebellious by nature.
When 70 years of engineering for the racetrack is distilled into one Civic, you can expect a visceral driving experience simply unmatched anywhere else. The 306-hp VTEC turbo engine provides a staggering 153 hp per liter. Coupled with a stiffened lightweight frame and purpose-built suspension, you’ll feel enhanced stability at the limit. Its wheels may be firmly on the road, but the soul of Type R emanates from the track.

Engineered precision.

When 70 years of engineering for the racetrack is distilled into one Civic, you can expect a visceral driving experience simply unmatched anywhere else. The 306-hp VTEC turbo engine provides a staggering 153 hp per liter. Coupled with a stiffened lightweight frame and purpose-built suspension, you’ll feel enhanced stability at the limit. Its wheels may be firmly on the road, but the soul of Type R emanates from the track.

Designed for Dominance
- 306-hp 2.0-liter, turbocharged and intercooled engine
- Close-ratio 6-speed manual transmission with rev-match control
- Lightweight single-mass flywheel
- Helical limited-slip differential
- Adaptive damper system
- Brembo 4-piston front brake calipers
- 13.8-inch ventilated & cross-drilled front brake discs
- 20-inch alloy wheels

- Honda Sensing® suite of safety and driver-assistive features*
- Chrome exhaust finisher*
- Apple CarPlay® and Android Auto™ integration*

*Available features. Please visit automobiles.honda.com/fit#specifications for actual trim application.
Turned up to maximum volume.

Paired with Honda tech, the modern Fit interior was designed to maximize the size and utility of its space for incredible results.

Versatility from head to tailgate. With a 2nd-row Magic Seat® including four unique configurations, the Fit was designed for on-the-go travelers who are revved up and ready to go. Along with advanced audio connectivity, it’s primed for the next fun adventure.

- Leather-trimmed seats*
- Leather-wrapped steering wheel and shift knob*
- 60/40 split 2nd-row Magic Seat®
- Apple CarPlay™ and Android Auto™ integration*
- SiriusXM® Radio™
- 7-inch Display Audio with high-resolution touch-screen*

*Available features. Please visit automobiles.honda.com/fit#specifications for actual trim application.
Confidence on the road.

Even the most attentive of drivers can miss things. That’s why Honda offers an array of safety and driver-assistive technologies designed to assist and help protect you and your passengers.

- Advanced Compatibility Engineering™ (ACE™) body structure
- Advanced driver and front passenger airbags
- Multi-angle rearview camera

The Honda Sensing® Suite.

A - Collision Mitigation Braking System™ (CMBS™) 
CMBS can help bring your vehicle to a stop by automatically applying brake pressure when the system determines that a frontal collision is unavoidable.

B - Lane Keeping Assist System (LKAS) 
With your hands on the steering wheel, long highway drives are easier with LKAS, which subtly adjusts steering to help keep your vehicle centered in a detected lane.

C - Road Departure Mitigation System (RDM) 
RDM can determine if you cross over detected lanes without signaling, can provide steering assistance to help you return to your lane, or provide braking to help keep you from leaving the roadway entirely.

Adaptive Cruise Control (ACC) 
ACC helps you maintain a set following interval behind detected vehicles for highway driving.
and avoiding collisions. Driver remains responsible for safely operating vehicle and avoiding collisions.

According to the National Highway Traffic Safety Administration, Americans are more likely to die in collisions at or under 20 mph than at any other speed. 1
