[1] 280 @ 6000 rpm (SAE net)

[2] 262 lb-ft @ 4700 rpm (SAE net)

[3] ULEV-2 (Ultra-Low-Emission Vehicle) models as certified by the California Air Resources Board (CARB).

[4] Maximum towing capacity for AWD trims is 5,000 lbs. Maximum towing capacity for 2WD trims is 3,500 lbs. Towing requires accessory towing equipment. Please see your Honda dealer for details.

[5] Based on SAE J1100 cargo volume measurement standard.
[6] Based on SAE J1100 cargo volume measurement standard plus, where applicable, floor space between seating rows and seats in their forward-most and upright position.
[7] 20 city/27 highway/23 combined mpg rating for 2WD trims. 19 city/26 highway/22 combined mpg rating for AWD trims. Based on 2021 EPA mileage ratings. Use for comparison purposes only. Your mileage will vary depending on how you drive and maintain your vehicle, driving conditions and other factors.
[8] VSA is not a substitute for safe driving. It cannot correct the vehicle's course in every situation or compensate for reckless driving. Control of the vehicle always remains with the driver.
[9] Always visually confirm that it is safe to drive before backing up; the rearview camera display does not provide complete information about all conditions and objects at the rear of your vehicle.
[10] For optimal tire wear and performance, tire pressure should be checked regularly with a gauge. Do not rely solely on the monitor system. Please see your Honda dealer for details.
[11] CMBS cannot detect all objects ahead and may not detect a given object; accuracy will vary based on weather, speed and other factors. System operation affected by extreme interior heat. System designed to mitigate crash forces. Driver remains responsible for safely operating vehicle and avoiding collisions.
[12] Road Departure Mitigation only alerts drivers when lane drift is detected without a turn signal in use and can apply mild steering torque to assist driver in maintaining proper lane position and/or brake pressure to slow the vehicle's departure from a detected lane. RDM may not detect all lane markings or lane departures; accuracy will vary based on weather, speed and road condition. System operation affected by extreme interior heat. Driver remains responsible for safely operating vehicle and avoiding collisions.
[13] FCW cannot detect all objects ahead and may not detect a given object; accuracy will vary based on weather, speed and other factors. System operation affected by extreme interior heat. FCW does not include a braking function. Driver remains responsible for safely operating vehicle and avoiding collisions.
[14] LDW only alerts drivers when lane drift is detected without a turn signal in use. LDW may not detect all lane markings or lane departures; accuracy will vary based on weather, speed and road condition. System operation affected by extreme interior heat. Driver remains responsible for safely operating vehicle and avoiding collisions.
[15] LKAS only assists driver in maintaining proper lane position when lane markings are identified without a turn signal in use and can only apply mild steering torque to assist. LKAS may not detect all lane markings; accuracy will vary based on weather, speed and road condition. System operation affected by extreme interior heat. Driver remains responsible for safely operating vehicle and avoiding collisions.
[16] ACC cannot detect all objects ahead and may not detect a given object; accuracy will vary based on weather, speed and other factors. ACC should not be used in heavy traffic, poor weather or on winding roads. ACC only includes a limited braking function. Driver remains responsible for slowing or stopping the vehicle to avoid a collision.
[17] The systems are not a substitute for your own visual assessment before changing lanes or backing up, and may not detect all objects, or provide complete information about conditions, behind or to the side of the vehicle. System accuracy will vary based on weather, size of object, and speed. Driver remains responsible for safely operating vehicle and avoiding collisions.
[18] HomeLink® is a registered trademark of Gentex Corporation.
[19] The USB interface is used for playback of MP3, WMA or AAC music files from digital audio players and other USB devices, as well as smartphone data transfer on designated Smartphone/Audio Interface ports. Some USB devices and files may not work. Please see your Honda dealer for details.
[20] The <i>Bluetooth</i> ® word mark and logos are owned by the Bluetooth SIG, Inc., and any use of such marks by Honda Motor Co., Ltd., is under license.
[21] Check the HondaLink® website for smartphone compatibility.
[22] Apple CarPlay is a registered trademark of Apple Inc.
[23] Android and Android Auto are trademarks of Google LLC.
[24] Compatible with select phones with Bluetooth®. Your wireless carrier's rate plans apply. State or local laws may limit use of texting feature. Only use texting feature when conditions allow you to do so safely.
[25] SiriusXM services require a subscription after any trial period. If you decide to continue your SiriusXM service at the end of your trial subscription, the plan you choose will automatically renew and bill at then-current rates until you call SiriusXM at 1-866-635-2349 to cancel. See our Customer Agreement for complete terms at www.siriusxm.com . Fees and programming subject to change. XM satellite service is available only to those at least 18 years and older in the 48 contiguous United States and D.C. ©2020 Sirius XM Radio Inc. Sirius, XM and all related marks and logos are trademarks of SiriusXM Radio Inc.

[26] HD Radio is a proprietary trademark of iBiquity Digital Corporation.

[27] The Honda Satellite-Linked Navigation System™ is available on EX-L trims and standard on Touring, Elite and Black Edition trims in the United States, Canada and Puerto Rico. (Honda HD Digital Traffic service only available in the United States, except Alaska). Please see your Honda dealer for details.

[28] Blu-ray™ is a trademark of the Blu-ray Disc Association.

[29] HDMI, the HDMI Logo, and High-Definition Multimedia Interface are trademarks or registered trademarks of HDMI Licensing, LLC, in the United States and other countries.

[30] HondaLink Subscription Services come with complimentary trials of Security for one year and a Remote/Concierge trial for three months. Enrollment is required to access the Remote/Concierge trial and to access certain features of Security. At the end of each trial period, purchase of a subscription is required to continue the respective services.

[31] Wi-Fi and Wi-Fi Direct are registered trademarks of Wi-Fi Alliance®. Requires AT&T data plan.

[32] Wireless phone charger is compatible with both Qi and Powermat wireless charging standards. Check with your device's manufacturer for wireless capability.
